EXPERIENCE

Luna – Frontend Software Engineer

MARCH 2022 - Present

In addition to standard engineering duties (e.g. code review, testing, planning, etc.), I focused heavily on meeting WCAG 2.0 guidelines for A and AA standards within our browser SDK for virtual try-on.

Implemented multiple localizations, worked with 'get user media'/camera access and emphasized compatibility for mobile and desktop devices. Was lead developer for managing a full release in November 2022.

Improved team output by advising on scrum topics and implementing granular stories for easier pointing and quicker development. This led to a significant increase in completed story points and decreased time to release.

Bridge Investment Group – Software Developer

MAY 2021 - MARCH 2022

Design and implement container and presentational components (as Stateless and Functional Components when applicable) with React.js and JSX, while relying on ES6 features like: Arrow Functions, Object Destructuring, Spread Operator, ES6 Classes, Promise, Async\Await, Let\Const and Template Literals.

Freelance Graphic/Web Design –

MARCH 2020 - MAY 2022 | previously freelanced from 2011 to 2014

I spent the pandemic year working diligently to complete projects for clients and advance in both Frontend and Backend technologies.

Domo, Inc – Technical Support Advisor

JANUARY 2020 - APRIL 2020 | COVID-19 staff cuts.

Provide extensive support and customer services to subscribers of the Domo Platform. Created custom sql and card design for data insights.

EDUCATION

Solo learning | Online Education — Udemy, Pluralsight, mentorship

MARCH 2020 - APRIL 2021

I took time during the pandemic to complete education in FullStack Web Development, Entity Framework, and React. I built projects with RESTful API, EF, .net 5, and Agile Development methodologies.

Dixie State University — Associate of Science– Computer Science.

AUGUST 2010 - MAY 2013

Completed courses in Object Oriented Programming, Data Structures and Algorithms, Computer Organization and Architecture, Digital Design, Web Design, and Computer Illustration.

(801) 347 - 6748
